

Computer-Aided Drawing and Modeling

Program Content:	Students in the Computer-Aided Drawing and Modeling program are prepared for employment in the diverse field of CAD, including architectural, mechanical, civil and structural. Students will learn manual drafting and CAD procedures, incorporating theory and practice. Primary emphasis is on obtaining proficiency and industry certification in advanced software programs including AutoCAD, Revit Architecture, Chief Architect, Inventor, and SolidWorks. Students will have extensive training in 2D drafting and 3D modeling applications and preparing real- world drawings.
