

## **Fire Science Program Course Announcement**

### **Live Fire Training Evolutions 2019**

**Florida State Fire College course RN10505  
Using Class “B” LP Gas Fired Live Props  
Class maximum is 15 students**

**9:00am-1:00pm**

**Dates:**

April 9

April 20

May 7

This 4 hour class will certify that the Firefighter has live fire experience using single and multi- company operations and will fill the requirements in ISO required training. Those students who need experience as Adjunct Live Fire Instructors, Safety Officers and Incident Commanders may pre-register and be assigned on an as needed basis. Individual certificates documenting experience will be issued upon successful completion.

**All Students are required to be at the 9:00am safety briefing or they will not be allowed to participate in the live burn. They will be issued certificates in hose line operations.**

---

**TUITION COST: \$50.00**
