

Computer Systems & Information Technology

Program Purpose:

The purpose of this program is to prepare students for employment or advanced training in a variety of occupations in the information technology industry. This program focuses on broad, transferable skills and stresses understanding and demonstration of the following elements of the information technology industry; technical and product skills, underlying principles of technology, planning, management, finance, labor issues, community issues and health, safety, and environmental issues. The content includes but is not limited to communication, leadership skills, human relations and employability skills; and safe, efficient work practices.

The structure is intended to prepare students to complete the CompTIA A+, Network+ industry certifications. A student who completes the applicable competencies at any occupational completion point may either continue with the training or become an occupational completer.
