

# Dental Assisting Technology & Management ATD

**Program Content:** This program has 100% placement because Dental Assistants are in demand in this community. Upon completion of the program, students will receive their Florida Expanded Functions and Florida Dental Radiographer's Certificates. The program also articulates with several associate degrees offered on the state college level. The program is accredited by the Commission on Dental Accreditation which ensures students receive standard quality dental education above and beyond what the State of Florida requires. MTC students sit for the Dental Assisting National Board Certification exams in the last month of the program, which when passed, provides career advancement opportunities. The last 3 months of the program, students participate in externships with a variety of dental practices in the area as they assist in the treatment of patients under the supervision of a licensed dentist.
