

Pharmacy Technicians, Get Certified to Give Immunizations!

Pharmacy-Based Immunization Administration

MTC is a licensed partner to offer the APhA/WSU Pharmacy-Based Immunization Administration by Pharmacy Technicians training program. Originally developed by Washington State University (WSU) and revised through a partnership with the American Pharmacists Association (APhA), this program explores the expanding role of the pharmacy technician.

This course emphasizes healthcare team collaboration to improve population health by increasing immunization rates. Pharmacy technicians can now administer ALL adult vaccines once receiving a Florida Board of Pharmacy immunization certificate.

- **Florida Board of Pharmacy Approved:** Meets requirements for the 6-hour certification course.
- **Eligibility:** Open to any licensed pharmacy technician.
- **Course Details:** pharmacist.com/Education/Certificate-Training-Programs/Technician-Immunizations
