

## Project Educational Development Geared for Employment (EDGE)

**Program Content:** Project Educational Development Geared for Employment (EDGE) is a postsecondary nondegree-seeking transitional program designed for students with intellectual disabilities. During this course students will work on foundational skills to include but not be limited to financial planning/responsibility, time management, communication skills, teamwork & leadership, along with other life skills. Students will also explore careers through interest surveys and class observations on MTC main campus, along with skills related to joining the workforce, interpersonal relationships at work, and finding a job/interviewing. Our goal is to provide you with a comprehensive educational experience that leads to a successful transition to additional education or employment. Project EDGE connects students to technical college life, potential industry certifications, and employment opportunities.

**Admissions:** To apply students must complete the following: Project EDGE application, provide eligible documentation of intellectual disability, and two letters of reference.
